

Hello (Insert Name),

**Did you know that Africa has one of the fastest growing economies in the world?**

According to the World Bank, in recent years economic growth in Africa has outpaced that of other regions. And the year 2034, Africa will have one of the largest populations of working age people in all the world. That is why leading companies such as Facebook, Microsoft and IBM are investing millions of dollars in the region. And Liberia is at the heart of that growth and innovation.

With the potential for innovation and growth, we are proud to announce Liberia Rising, a conference focused on creating a platform to educate and engage interested investors. This event is currently being planned for May 2019, to be hosted at the Philadelphia Convention Center, in Philadelphia, PA.

The event will feature a who’s who of speakers from the public and private sector and will provide attendees with an opportunity to understand key areas for public and private investment, such as: **Agriculture –Rice, Coffee, Cocoa, Rubber, Palm, Poultry, Fisheries and Livestock**

## Coffee

## Fisheries

**Poultry**

**Livestock**

## **Rice Production**

## **Rubber**

## **Infrastructure – Transportation, Construction, Aviation and Solar Electricity Aviation**

## The future of Liberia's Transportation

## Solar Electricity

**Tourism, Entertainment and Fashion – Beaches, along the coastline of Liberia –  
Cape Mount, Montserrado, Grand Bassa, Sinoe and Maryland, Fabrics, Music and  
Art**

We invite you to become a part of this historic event as a sponsor. While sponsor packages are currently being finalized, we have already begun negotiating with leading organizations to participate. Don't miss out. Opportunities to exhibit, speak and participate will go quickly!
